

# Humboldt Bay Harbor Working Group

[www.humboldtworkingport.org](http://www.humboldtworkingport.org)

## August 27th Lunch Forum

Samoa Cookhouse ~ Noon-1:30 p.m.

### “Permitting & Port Revitalization” with **GO-Biz** Specialist, Andrew Strumfels

HBHWG invites you to this informative luncheon to delve into the possibilities of master permitting. The Harbor District began this process with their oyster leases. Prosperity 2012 identified master permitting as a key economic development strategy. Learn about the work being done at the state level and how it can apply to our current needs. Can we as a community move forward on this much needed process to revitalize our Port and create good-paying jobs?

**Andrew Sturmfels** serves as a Senior Permit Assistance Specialist within the Governor's Office of Business and Economic Development (GO-Biz). His job is to assist businesses in understanding and navigating permitting, licensing, and regulatory processes. Over the last 18 months Andrew led the implementation of the statewide [Lean-6 Sigma](#) program that resulted in substantial process improvements across 11 state departments. He also assists with a number of local, regional, and statewide permit modernization efforts.
