

**HBHWG LUNCH FORUM: WEDNESDAY, OCTOBER 29, 2014**  
**FEEDBACK: LARRY HENDERSON**

**1. Did you find the presentation to be interesting and informative?**

a. Very 73%                      b. Somewhat 27%                      c. Not at all 0

**2. What information was most important to you?**

- The Q&A time
- Really good answers to questions--Thanks Larry!
- overall structure of group plans for future
- The updates of action--2015 plan
- What the working group is planning to advance its goals, especially regarding pursuing predictability of the regulatory processes.
- Reducing permitting obstacles; mitigation banking.
- Our achievements/future efforts/report on good things on horizon.
- The summarization of progress to date helps direct future focus
- Goals and priorities
- Structure and intent--responsibility with cooperating, sharing of information.
- Bring in the railroad to "modern standards"

**3. What additional information/speaker would you like to hear?**

- 1. Our guests from SHN can help address permitting processes and regulations and 2. Rep from Coastal Commission.
- Someone who represents the users (businesses) of the port and/or public support local and at a distance; railroad representatives.
- John Williams - NWPR - President of Chamber of Commerce. Are they willing to participate in port development?
- Regulatory agencies speaking to the potential for permit streamlining.
- Definitely Coastal Commission; those agencies working on any part of the One Plan already.
- Harbor Commission speaker; HSU - Aquaculture speaker
- Figure out what "merchandise" is transportable

**4. Are you interested in joining or helping the HBHWG?**

a. Yes 2                      b. Maybe 2                      c. No \_\_\_\_\_

If a or b, please provide email address: \_\_\_\_\_
